

Hublot partners PARIS SAINT-GERMAIN

In the heart of Paris lies the legendary stadium, Parc des Princes, home to the mighty Paris Saint-Germain FC- One of France's most iconic football clubs. Founded in 1970, Paris Saint-Germain is one of the youngest football clubs competing in the Ligue 1 French Championship, but boasts a strong history of success with 3 National Championships, 8 National Cups, 3 League Cups and 1 European Cup (former C2 UEFA Cup Winners' Cup).

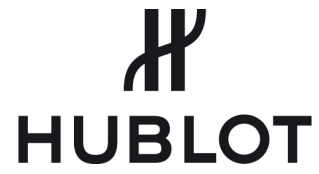

With a legendary past providing a strong base, this team plans to "Dream Bigger" and Hublot is proud to join them on their journey as the Official Timekeeper and Watch of Paris Saint-Germain FC.

HUBLLOT Chairman Jean-Claude Biver and CEO Ricardo Guadalupe both agreed:

"Paris is the European capital of taste, elegance and luxury. Paris is the capital of tourism. And now, thanks to Paris Saint-Germain, Paris is the capital of European football. There was no way that Hublot could not be associated with them, and it is a privilege for Hublot to mark the glorious hours to come for Paris Saint-Germain!"

Jean-Claude Blanc, Deputy CEO of Paris Saint-Germain stated: "We are very happy to welcome a new prestigious international brand on board.

Paris Saint-Germain's ambition is to become a globally recognised sporting brand, with the same dedication to perfection and devotion to elegance that Hublot brings to the design and creation of its watches".

No doubt that Hublot and Paris Saint-Germain will shine together over the “City of Light”!
